

Semester	7 and 8		
Course Code:	MIBI 43852		
Course Name:	Laboratory Microbiology		
Credit Value:	2		
Core/Optional	Core		
Hourly Breakdown	Theory	Practical	Independent Learning
	-	-	100 hrs
Course Aim/Intended Learning Outcomes:			
Upon successful completion of this course student will be able to;			
<ul style="list-style-type: none"> Familiarize with basic and advanced microbial laboratory testing procedures and Apply basic and advanced microbial laboratory techniques learned to solve given problems. 			
Course Content: All laboratory exercises completed during all four academic years.			
Teaching /Learning Methods: Hands-on independent laboratory exercises.			
Assessment Strategy: End of the academic year (final year) examination.			
Continuous Assessment		Final Assessment	
0%		100%	
Details: N/A		Theory (%)	Practical (%)
		-	100
Other (%)			
-			
Recommended Reading:			
<ul style="list-style-type: none"> All relevant reading materials recommended for laboratory courses in all four academic years.
